

Interpretative & Platform Speaking

Timing & Room Management Instructions

Dramatic Interp, Duo Interp, Humorous Interp, Open Interp
Expository, Original Oratory, Persuasive, Interp in a Box

Congratulations! You have been chosen as the Head Judge for this speech round.

As the Head Judge you have two responsibilities:

- Supervise the time
- Manage the room

Supervise the time:

Use the timepiece provided in the room. Keep numbers in view of competitors to help them manage their pace.

SPEECH TIME: Re-set the timepiece to 00:00 and count up.

1. Face the timepiece toward the speaker using the built-in stand.
2. Confirm that the competitor can see the timepiece clearly.
3. When competitor begins their speech presentation, **press start so that the timepiece counts up.**
4. **Immediately press stop when the competitor concludes the speech.** Allow each speaker to finish speaking and simply record their time.
5. Interp in a Box: The timer does not stop until the lid is on top of the box and the speaker has finished their presentation.
6. Announce this time to the other judges to record on their ballots.

Manage the room:

- Judges are allowed two (2) minutes between speakers to jot down notes on the ballot. Use the timepiece to track this time and then reset the timepiece before starting the next speaker.
- Confirm any required penalties (see ballot) with the other judges before leaving the competition room at the end of the round.

Thank you for your investment in our competitors!

Timepiece should remain in the room. Return this document with your ballots.
